ABOUT LIMA

Lima, the main gateway to Peru, is a major city bustling with living history and movement. It is an ethnic melting pot, featuring pre-Hispanic, colonial and modern elements. Museums with great works of art, archaeological sites, beaches, the boardwalk, valleys, natural reserves, the nightlife, the thrill of adventure sports, and the exquisite cuisine gives Peru's capital an authentic personality and makes tourism in Lima a unique experience in the country. The historic center was declared World Heritage Site by UNESCO.

ABOUT PERU

The Incas forged an incredible civilization that learned how to tame the geography of Peru. This ancient society lived in harmony with the rivers, the sun, the rain, the ocean, the jungle, the Peruvian mountains and the cold dryness of the Andes, consequently adapting to the weather, their surroundings and surviving thanks to Mother Earth's gifts. Experience Peru and discover a wealth of different worlds, all with their own individual landscapes, sounds, colors and tastes; travel back in time to ancient civilizations and share the great cultural heritage of the Peruvian people.
